Once you have clicked “REGISTER NOW” on the registration form, this box will appear at the top of the registration form (if your screen darkens without moving up, please use the “movement tab” to the right & page).

Click the “CONFIRM & SIGN ME UP” button (see arrow). If your screen goes white/blank, please page up.

You’ll then see this box and will need to click “Personalize my Page” (see arrow). This is the place where you can manage all of your fundraising tasks including uploading a photo, personalizing your message to donors, tracking your donations, and sharing your unique fundraising URL and page.

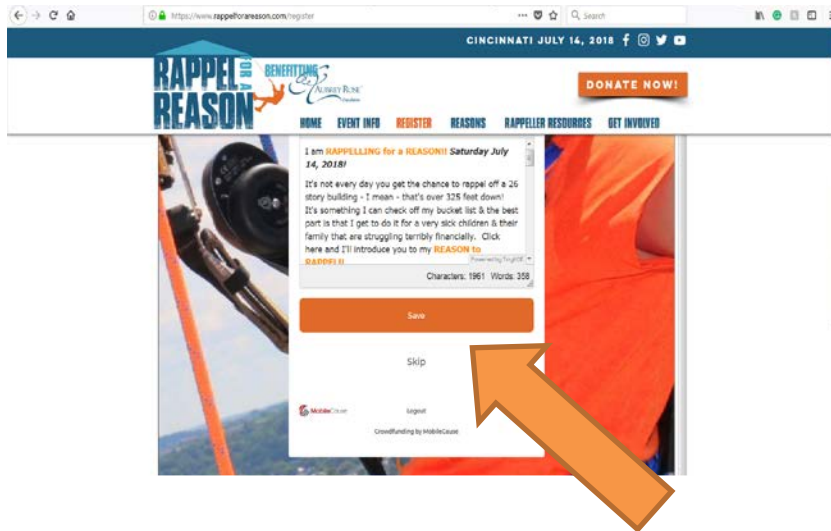

This will take you to where you can customize your personal R4aR web page (see example) where you can

1. Upload a photo – this is a great way to let your donors & fans know they have the right rappeller
2. Increase your fundraising goal – keep in mind your REASON is in definite need, and
3. Change the text that will show on your personal web page (we’ve auto filled your page with general details about the event and foundation)
